Nasal Flu Vaccinations- Consent Required

If you would like your child to receive the nasal or injectable Non-porcine flu vaccine in school please follow this link to complete an online consent form; <https://www.nhs.uk/flu/information/?id=107970&Type=FLU>

The vaccinations will take place in school on Friday 21st October. The link will close on 21st September. If you have any problems accessing the link please telephone 0333 358 3397 (option 2 ext 3)

PLEASE ONLY CONSENT ONCE, PER CHILD.

This vaccination is recommended to help protect your child against flu. Flu can be an unpleasant illness and can cause serious complications. Vaccinating your child will also help protect more vulnerable family and friends by preventing the spread of flu. With COVID-19 still in circulation it is important to reduce the number of those becoming ill with flu this winter to help protect them, the NHS and social care. Research also shows that if you get both flu and COVID-19 at the same time you may be more seriously ill.

The vaccination is free and is a quick, simple and painless spray up the nose. The type of flu can vary each winter, it is recommended to have the vaccine each year to remain protected.

You can visit <https://www.intrahealth.co.uk/fluleaflet2022/> online, which includes details about the small number of children for whom the nasal vaccine is not appropriate, and also where the Non-Porcine intramuscular vaccination would be.

If you have any queries, please contact the IntraHealth team on 03333 583 397, Option 2, Extension 3.
