Dear Parents and Carers,

As we previously informed you before the summer break, school will be getting a new cabin to replace the current Little Doves building, and this has meant that Little Doves has been temporarily relocated to the school's nursery.

We had been told that the demolition would happen over the summer holiday, and hoped that the new provision would be ready to move into during this term, but unfortunately the building work has been delayed. We are now looking at hopefully having the current building demolished during the October half term, when there are no children on site. As of yet, we are awaiting further details of when the new building will be installed.

Therefore, Little Doves and our school nursery will continue to operate together for longer than originally expected. We hope to ensure the smooth running of this and for all children to be happy and settled, working with a wealth of professionals with a vast knowledge and experience. To allow this to happen, we ask for you to drop your children off in the nursery cloakroom to ensure a calm start to the sessions and to allow for a one-way system into the classroom.

We will keep you updated on the progress of the building works and let you know of any updates. In the meantime, please feel free to speak to the Little Doves or Nursery staff if you have any questions or concerns.

Thank you for your understanding,

A handwritten signature in black ink, appearing to read 'F Stead'.
