

Topic: silhouette calendar

What I should already know

- We design a product first
- We use appropriate materials to add details to a model

Key Knowledge

What is silhouette?

A silhouette is an image of an animal, item or person presented as a single shape, in a single colour. This sharp shadow or outline is usually presented on a light background.

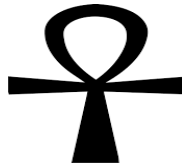

There are many different types of Egyptian **silhouette** including

Egyptian gods

Egyptian pyramids

Egyptian symbols

It is believed that clothing during Ancient Egypt was fairly simple and very little sewing was done to items as most clothing was wrapped around and then held on with a belt.
