

## Learning Maths with Songs

Singing songs is a fun way for young children to learn maths. Catchy tunes can help them remember numbers, counting, shapes, and simple addition or subtraction. Music makes learning maths more exciting, helps children join in, and turns tricky ideas into play. This approach supports different ways of learning and helps children enjoy exploring numbers and patterns.

**Five little speckled frogs**

**Five cheeky monkeys**

**Five little ducks**

**5 little men in a flying saucer**

**Counting to 10**

**Farmer Pete**

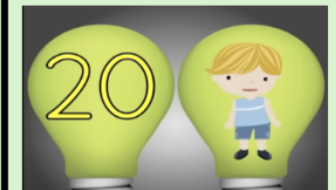

**Ten green bottles**

**Counting to 10 forwards and backwards**

**Counting to 20**

**Counting back from 20**
