Tuesday 10th March – DT Parent Workshop

Dear Parents/Guardians,

We would like to invite you to join your child for a Design Technology (DT) session in the school hall on **Tuesday 10th March 9.00-9.45am.**

Children are working this half term to plan their own DT project. This involves planning, making and evaluating a small raft that floats. Children will explore suitable materials and plan their project prior to the day. We are then inviting you in to join your child to support them in the making part of their final DT project.

If you would like to join us for this hands-on session, then please come to the school office at 9.00am and you can go to the school hall where your child will then join you. Once you have arrived, we will bring children to the hall to join you. Once the session has finished, we will take the children back to the classrooms to carry on their school day.

Please complete the slip below to indicate whether you can attend or not, so we know how many adults to prepare for.

Thankyou in advance

Mrs Knight, Mrs Thompson and Miss Worthy
