

### Information for parents:

#### What is TT Rockstars?

It is a carefully sequenced programme of times tables practice which can be accessed online. Each week, teachers will set a times table to learn and practise at home using the TT Rockstars website/ app.

#### What are its aims?

There is only one aim - to boost times tables recall

#### What are the benefits of Times Table Rock Stars?

- Incorrect answers are always immediately corrected in front of the pupil so that they start to associate the correct answer to every question.
- The clever code behind the scenes works out which times table facts each pupil is consistently taking longer to answer and then it gradually starts to present these facts more frequently until pupils have mastered them.
- The programme will also ask related division questions, 20% of the time, to reinforce the relationship between division and multiplication.
- It makes learning the times tables fun!

Every child will have their own unique log in, however for them to be fully motivated and for them to get the best out of the practise, they **need your help**. Please ask your children to practice several times a week to ensure they all have the chance to become a Times Table Rock Star!

**"Knowing your times tables off by heart is like being able to play a guitar behind your head – it makes you a rock star...a Times Table Rock Star!"**

So, We say to you:

**"Pick up your hairbrush and your air guitar and become a Whitecote Primary Times Table ROCK STAR!"**

When it comes to times tables, speed AND accuracy are important – the more facts your child remembers, the easier it is for them to do harder calculations.

Times Table Rock Stars is a fun and challenging programme designed to help students master the times tables!

You can find more information about TT Rockstars and how it can be used on the website: <https://ttrackstars.com/home>

The Parent Handbook is available on our website for more information.
